Core Features

The table

- Search by name
- Filter by date
- Sort by type and feedback status
- Display collections and Goals
  - Option to add / remove from overview
- Bulk delete

The dashboard

- Static counter dashboard for general overview
- Interactive Dashboard
- Dynamic dashboard

Levels of Difficulty

I'm Too Young to Die	Hey, Not Too Rough	Hurt Me Plenty	Ultra-Violence	Nightmare!
Making the table a little smarter	Fully Smart table	Smart Table with a static Dashboard	Interactive Dashboard	Dashboard that updates with each Smart table action

Questions

Should the dashboard part be always visible?

What if it would appear after reaching certain number of evidence or once they no longer in one page?

Can we build it under a feature-flag?

How to clear the filters? Should it be hidden or disabled when no filter is applied?

Thank you
