

Participant's name:		Julius Slepetis	
How familiar are you with Portflow? (1 not familiar – 5 very familiar)		<div>1</div> <div>2</div> <div>3</div> <div>4</div> <div>5</div>	
What do you first notice about the page?		"Looks like excel sheet, not very inspiring" (about the table)	
Task		Success	Observations
1	You have just finished a <i>Report</i> , please add it to your portfolio.	Needed help	Went to my portfolio page to search for a report first.
2	You are not sure if you added evidence "_____". Try to look for it.	Yes	Used search field
3	You cannot remember the title of the evidence, but you are certain it was a Video. How would you find it?	Yes	Used sorting, had to explain the filter option too.  Types were not clear at first.
4	You want to see the overview of all evidence again.	Yes	
5	You would like to add the <i>Report</i> to a "_____" collection.	Yes	Went to Evidence detail view first
6	You are getting ready for submission and would like to see which evidence belongs to the "_____" collection.	Yes	Learned how the filter works and had no issue with it from then on.
7	You would like to see which evidence belongs to the "_____" goal.	Yes	
8	You would like to check what is the oldest piece of evidence.	Yes	
9	You see the "_____" evidence that may not be necessary, you would like to remove it (linked).	Yes	Found it too complicated, felt like too many clicks are required to perform this.
10	You would like to check how many links do you have in the "_____" collection.	Yes	"Links" – confused with "linked" at first attempt.
11	You decided the <i>Report</i> is not very informative and would like to rename it to something clearer. Please try.	Yes	
Post Test Questions			
1	What do you first notice about the page?	"Dashboard helps a lot, seems more alive and nice to use"	
2	Did it match your expectations? What stood out? Confused you?	Filters stood out, overall, it seems like a perfect tool for Open Learning Course (Fontys specific).	
3	What was missing?	Filters do not stay on when going into the detail view and back.	
4	How would you describe this wireframe (to a friend)?	"Excel – like page, but sorts and filters in a nice way".	

Participant's name:		Keano Dussel	
How familiar are you with Portflow? (1 not familiar – 5 very familiar)		1   2   3   4   5	
What do you first notice about the page?		Colors are too bright.	
Task		Success	Observations
1	You have just finished a <i>Report</i> , please add it to your portfolio.	Yes	
2	You are not sure if you added evidence “_____”. Try to look for it.	Yes	Used search after scrolling for a second
3	You cannot remember the title of the evidence, but you are certain it was a Video. How would you find it?	Yes	Sorted (figured V from Video is last alphabetically).
4	You want to see the overview of all evidence again.	-	N/A
5	You would like to add the <i>Report</i> to a “_____” collection.	Yes	Searched for evidence, then used the kebab icon (actions)
6	You are getting ready for submission and would like to see which evidence belongs to the “_____” collection.	Yes	
7	You would like to see which evidence belongs to the “_____” goal.	Yes	
8	You would like to check what is the oldest piece of evidence.	Yes	Sorting not clear, may be due to similar dates, or due to behavior of the sorter
9	You see the “_____” evidence that may not be necessary, you would like to remove it (linked).	Yes	Understood and appreciated that it “prevents deleting evidence that I may not want to delete”.
10	You would like to check how many links do you have in the “_____” collection.	Yes	
11	You decided the <i>Report</i> is not very informative and would like to rename it to something clearer. Please try.	Yes	
Post Test Questions			
1	What do you first notice about the page?	Dashboard is overwhelming, especially the evidence type' colors	
2	Did it match your expectations? What stood out? Confused you?	Liked that it is nice and informative	
3	What was missing?	Nothing, dashboard has more than the original (current) list	
4	How would you describe this wireframe (to a friend)?	“A better version of the current portfolio”	

Participant's name:		Mike Connotte	
How familiar are you with Portflow? (1 not familiar – 5 very familiar)		<div> <div>1</div> <div>2</div> <div>3</div> <div>4</div> <div>5</div> </div>	
What do you first notice about the page?		-	
Task		Success	Observations
1	You have just finished a <i>Report</i> , please add it to your portfolio.	Yes	
2	You are not sure if you added evidence “_____”. Try to look for it.	Yes	
3	You cannot remember the title of the evidence, but you are certain it was a Video. How would you find it?	Yes	Discovered by sorting (sorting is an entire column, with filter button inside – not good)
4	You want to see the overview of all evidence again.	Yes	
5	You would like to add the <i>Report</i> to a “_____” collection.	Yes	Went into evidence details view first
6	You are getting ready for submission and would like to see which evidence belongs to the “_____” collection.	Yes	
7	You would like to see which evidence belongs to the “_____” goal.	Yes	
8	You would like to check what is the oldest piece of evidence.	Yes	Had no issues at all understanding the sorting
9	You see the “_____” evidence that may not be necessary, you would like to remove it (linked).	Yes	
10	You would like to check how many links do you have in the “_____” collection.	Yes	
11	You decided the <i>Report</i> is not very informative and would like to rename it to something clearer. Please try.	Yes	
Post Test Questions			
1	What do you first notice about the page?	Good color scheme, likes the look and feel	
2	Did it match your expectations? What stood out? Confused you?	Yes, nothing bad, looks good	
3	What was missing?	Small text under the file type to help identify	
4	How would you describe this wireframe (to a friend)?	A clear way to manage all study files, with sorting and filtering.	

Participant's name:		Martin Dzhurov	
How familiar are you with Portflow? (1 not familiar – 5 very familiar)		1 2 3 4 5	
What do you first notice about the page?		-	
Task		Success	Observations
1	You have just finished a <i>Report</i> , please add it to your portfolio.	Yes	
2	You are not sure if you added evidence “_____”. Try to look for it.	Yes	Found via search
3	You cannot remember the title of the evidence, but you are certain it was a Video. How would you find it?	Yes	
4	You want to see the overview of all evidence again.	Yes	Did not like too much clicking
5	You would like to add the <i>Report</i> to a “_____” collection.	Yes	Found action not nice, would prefer two buttons for each row instead or an edit icon after collections tag in each row
6	You are getting ready for submission and would like to see which evidence belongs to the “_____” collection.	Yes	Filtering is very useful, liked it a lot
7	You would like to see which evidence belongs to the “_____” goal.	Yes	“Click on tag to go to collection or goal would be nice”
8	You would like to check what is the oldest piece of evidence.	Yes	
9	You see the “_____” evidence that may not be necessary, you would like to remove it (linked).	Yes	
10	You would like to check how many links do you have in the “_____” collection.	Yes	
11	You decided the <i>Report</i> is not very informative and would like to rename it to something clearer. Please try.	Yes	
Post Test Questions			
1	What do you first notice about the page?	Likes the total number of evidence (dashboard)	
2	Did it match your expectations? What stood out? Confused you?	Thinks types are nice to have but not very useful, the page does not refresh when clicking the tab “My Evidence”	
3	What was missing?	Filter for “none” to discover evidence not linked	
4	How would you describe this wireframe (to a friend)?	“A better way to manage the evidence in My Portfolio”	

Participant's name:		Angel Angelov	
How familiar are you with Portflow? (1 not familiar – 5 very familiar)		1 2 3 4 5	
What do you first notice about the page?		Filters	
Task		Success	Observations
1	You have just finished a <i>Report</i> , please add it to your portfolio.	Yes	smooth
2	You are not sure if you added evidence “_____”. Try to look for it.	Yes	Used search bar
3	You cannot remember the title of the evidence, but you are certain it was a Video. How would you find it?	Yes	Used sorter first, due to entire column head being a button
4	You want to see the overview of all evidence again.	Yes	
5	You would like to add the <i>Report</i> to a “_____” collection.	Yes	Went straight to actions and found the solution by himself
6	You are getting ready for submission and would like to see which evidence belongs to the “_____” collection.	Yes	
7	You would like to see which evidence belongs to the “_____” goal.	Yes	
8	You would like to check what is the oldest piece of evidence.	Yes	Sorting buttons are too small, also they are not real buttons
9	You see the “_____” evidence that may not be necessary, you would like to remove it (linked).	Yes	Usually don't hover so, found tooltip less helpful, but understood why himself (said applied general logic from other apps)
10	You would like to check how many links do you have in the “_____” collection.	Yes	
11	You decided the <i>Report</i> is not very informative and would like to rename it to something clearer. Please try.	Yes	
Post Test Questions			
1	What do you first notice about the page?	A lot of numbers – useful, linked goals and collections count could help see the discrepancy of orphaned evidence.	
2	Did it match your expectations? What stood out? Confused you?	Comments and feedback N/A for his program, liked that evidence type counters can help see which evidence you are low on.	
3	What was missing?	Nothing, everything is useful and provides clarity, not overwhelming.	
4	How would you describe this wireframe (to a friend)?	“Making My Evidence tab useful. Giving a reason to actually go to this tab.”	

Participant's name:		Gerke Reitz	
How familiar are you with Portflow? (1 not familiar – 5 very familiar)		1   2   3   4   5	
What do you first notice about the page?		Overview of all evidence with visible goals and collections	
Task		Success	Observations
1	You have just finished a <i>Report</i> , please add it to your portfolio.	Yes	
2	You are not sure if you added evidence “_____”. Try to look for it.	Yes	
3	You cannot remember the title of the evidence, but you are certain it was a Video. How would you find it?	Yes	Very smooth, straight to filter
4	You want to see the overview of all evidence again.	Yes	
5	You would like to add the <i>Report</i> to a “_____” collection.	Yes, with help	Looked into detailed view for such feature
6	You are getting ready for submission and would like to see which evidence belongs to the “_____” collection.	Yes	
7	You would like to see which evidence belongs to the “_____” goal.	Yes	
8	You would like to check what is the oldest piece of evidence.	Yes	Noticed the tooltips and really liked helpful explanations
9	You see the “_____” evidence that may not be necessary, you would like to remove it (linked).	Yes	Found it clear why not possible
10	You would like to check how many links do you have in the “_____” collection.	-	Misread the question, but would filter and count himself
11	You decided the <i>Report</i> is not very informative and would like to rename it to something clearer. Please try.	Yes	
Post Test Questions			
1	What do you first notice about the page?	Good overview	
2	Did it match your expectations? What stood out? Confused you?	Actions options under kebab, would prefer separate buttons instead	
3	What was missing?	More control in the detail view, evidence type counts may not be too useful	
4	How would you describe this wireframe (to a friend)?	A smarter evidence overview, with very useful filters
